Development of the cooperation with FAIR GmbH The role of Industry Liason Officer

Faculty of Physics, Astronomy and Computer Science,
Jagiellonian University in Kraków
26th of October 2021

1. Poland: Industry engagement

The Jagiellonian University as Polish Shareholder through consortium cooperation or tenders gives opportunity to deliver the components as in-kind to the FAIR GmbH. It also enables to be involved in cutting edge research and development like initial design and prototyping of forefront technologies for both accelerators and experiments.

FAIR Project provides a platform to learn and develop

2. Possibilities within FAIR GmbH

1. FAIR tenders above €100k
2. Information on www at JU and at FAIR websites
 - ❖ JU – new website prepared → <https://fair.uj.edu.pl/udzialowiec/przetargi>
 - ❖ FAIR Webpage → <https://fair-center.eu/business-partners/calls-for-tender.html>
is linked to GSI Webpage
 - ❖ GSI Webpage → https://www.gsi.de/start/wirtschaft_industrie
3. ILO can give notifications

3. Notifications of upcoming tenders

1. The FAIR and GSI procurement plan is a fast-moving target
2. „Nearly ready for tender” specifications available
3. Predict the tender launch date - impossible

4. After choosing the tender:

1. Notify ILO with – 4 CS

Company name
Company address
Country
Contact person

4 Cs

2. Contact will come from FAIR

Thank you

Gabriela Nowicka
Industry Liason Officer
Office of the Council of the Polish Shareholder of FAIR GmbH
